

ECOSAFE

CLEANING PRODUCTS

NON-TOXIC & BIODEGRADABLE
PLANT BASED
SAFE HOUSEHOLD CLEANERS

ALL-PURPOSE CLEANER

Use this throughout the house, to clean walls, floors, decks, doors, ceilings and vents, counters, cabinets, lawn and patio furniture, toys and sports equipment, luggage, bicycles and anything else that is safe to use water on.

DISH WASHING CLEANER

Use for hand washing dishes and utensils, pots and pans. Safe to use around food surfaces. Helps to sanitize and remove bacteria from all surfaces. Keeps drains clean and smelling fresh.

LAUNDRY CLEANER

No harsh detergents or harmful chemicals. Your laundry will be clean and fresh. Use 15ml. per 4kg load in your washing machine. Helps to keep drains clean, and is completely safe for the environment. Use full strength to pre-spot for hard-to-remove stains.

WOOD POLISH

Can be used to scrub wood floors or as a spray and wipe cleaner on furniture. Safe for any wood surface that you can use water on. Leaves the surface clean and smooth, with a pleasant scent of tea tree oil.

NATURAL VEGGIE WASH

Don't just rinse your fresh fruits and vegetables. Use our Natural Veggie Wash to remove pesticides, dirt, harmful organisms and insects. Safe to use without further rinsing. Spray fresh fruits like apples, pears or peaches; or briefly soak leafy vegetables like broccoli, lettuce or spinach.

WINDOW & GLASS CLEANER

Use on windows, mirrors, glass doors, ceramic tiles, granite and other high-gloss surfaces. Contains no ammonia.

TREE BREEZE

Leaves everything smelling fresh and clean, like a New England forest in the morning dew. Doesn't just mask odors with perfume – it eliminates odors by attacking the bacteria and contaminants that cause them. Available in several scents.

Safe for people, pets and the environment

TOILET BOWL CLEANER

Removes hard water deposits, scale buildup and tough stains. Used regularly your toilet bowl will stay fresh and clean. Also terrific for tubs & showers, heating coils and coffee makers.

SOFT-SCRUB CLEANER

Clings to vertical surfaces. Apply directly to surface, or with a damp sponge. Removes stains, mold, and soap scum with ease. Perfect for tubs & showers, sinks, toilets, countertops and ceramic tiles. Contains no bleach nor harsh abrasives.

ECOSAFE CLEANING
IS EASY CLEANING

ECOSAFE EASY CLEANING

VALUE FOR MONEY

Welcome to a range of all natural, efficient and biodegradable cleaning products.

Based on plant extracts EcoSafe cleaning products are super easy to use. Spray on or wipe over the dirty surface, leave to soak for a short while and then simply wipe off. Light scrubbing will accelerate the results.

The colloid action of our cleaning agents simply soaks into the dirt and lifts them off the surface. Takes all the strain out of cleaning and scrubbing dirty and hard to clean surfaces. The longer you leave it to soak the more dirt is loosened.

All our products are environmentally safe. They are registered, certified and licensed by: California State Water Resources Control Board, EPA DfE (Design for Environment), United States Department of Agriculture, United States Navy, State of California Department of Fish and Game, State of California Department of Health Service.

There is no other single product in the world that will do what the active-colloid product does, and does it at competitive or lower cost, with complete safety for the user, environment, ecosystem and marine life.

HEAVY DUTY DEGREASER

Use on stoves and ovens, greasy pots and pans, BBQ grills, motors and tools, greasy drains, walk- and driveways and around the garage. A few drops used full strength make an excellent hand cleaner for really dirty jobs. Hypoallergenic, will not dry out your skin.

CARPET CLEANER

Use full strength in a spray bottle for heavy stains and spots. Removes dirt, grease and oils from all carpets. Removes food and pet stains. Freshens, sanitizes, and deodorizes carpets and carpet cleaning equipment. Helps get rid of dust mites, so your carpets are clean-smelling and safe for your entire family.
